Week 6 SEO Report: Local Expansion & GEO Content

Theme: "Capturing Local Markets & Product Context"

1. Agenda
   - Local SEO Expansion: "Delivery Zones" Content Strategy.
   - GEO Product Optimization: Enhancing Top 10 Best-Sellers.
   - User Experience (UX): Navigation & Search Improvements.
   - Performance Tracking: Early Keyword Movements.

2. Local SEO Expansion (New Content)

Status: Drafting & Implementation

We have initiated the "City-Specific" content strategy to capture customers outside of Copenhagen who feel underserved.

- **The Strategy:** Creating dedicated content sections for major Danish cities (Aarhus, Odense, Aalborg).
- **Why:** Users search for "Asian grocery delivery Aarhus" or "Indian spices Odense". If we don't mention these cities explicitly, Google assumes we only serve Copenhagen.
- **Action:** Added "Nationwide Delivery to Aarhus, Odense & Aalborg" messaging to the footer and shipping policy page to trigger local relevance.

3. GEO Product Optimization (Top 10)

Status: Completed

We have rewritten the descriptions for the store's top 10 best-selling items to be "AI-Ready."

- **Products Updated:** Tilda Basmati Rice, Shan Biryani Masala, Mango Pulp, Pure Ghee.
- **The "GEO" Upgrade:**
  - **Added Usage Context:** "Best for Hyderabadi Biryani" (Helps rank for recipe queries).
  - **Added Pairing Tips:** "Pairs well with Raita and Garlic Naan" (Increases internal cross-selling).
- **Impact:** These pages now provide answers, not just specs, making them more likely to be featured in Google's AI Overviews.

4. UX & Navigation Improvements

Status: In Progress

To reduce "Bounce Rate" (people leaving immediately), we improved how customers find products.

- **Menu Optimization:** Simplified the main menu categories. Instead of just "Groceries," we expanded it to "Rice & Flour," "Spices," and "Ready to Eat" for faster access.
- **Search Bar Check:** Verified that searching for "Haldi" (Hindi name) and "Turmeric" (English name) both lead to the same product.

5. Early Keyword Wins (Performance)

- "SPS Foods": consistently #1.
- "Asian Grocery Delivery Denmark": Moved up 4 positions.
- "Buy Basmati Rice Online": Entered Top 20 (Page 2).
- Note: Detailed ranking report will be provided at the end of Month 2.

That's It!
